8. Primary 3 Gifted Education Programme (GEP) Screening Exercise 2018

Mdm Hamimah Ali, hamimah_ali@moe.edu.sg,

Mdm Huang Biyun, huang_bi_yun@moe.edu.sg

The purpose of the GEP screening exercise is to develop the intellectually gifted to fulfil their full potential in an educational environment that is designed to stimulate intellectual growth. An equally important emphasis of the GEP is the development of social responsibility and sound moral values in the students.

The GEP screening exercise will be carried out by all schools on **24 Aug 2018, Friday**. For parents/guardians who would like their child/ward to participate in the Screening Exercise, please arrange for your child/ward to participate in the Screening Exercise together with his/her peers in Rivervale Primary School on the same date.

The GEP Screening and Selection Exercises will be based on the Primary 1 to Primary 3 English Language and Mathematics syllabuses. Please note the following:

- Screening Exercise (Mathematics) - All topics in the Primary 3 Mathematics syllabus are included except for topics on "Area and Perimeter", "Geometry" and "Time".
- Selection Exercise (Mathematics) - All topics in the Primary 3 Mathematics syllabus are included except for Angles, Perpendicular and Parallel lines in the topic of Geometry.

Shortlisted students will be invited to participate in the Selection Exercise on **Tuesday, 16 October 2018** and **Wednesday, 17 October 2018** for English Language, Mathematics and General Ability.

The GEP Identification Exercise aims to identify suitable students with high intellectual potential. Test-preparation activities could inflate students' scores and not reflect their actual potential. Students who are not ready to handle the intellectual rigour and demands of the programme will struggle with the enriched curriculum and not benefit fully from it. Thus, parents/guardians are advised not to conduct test preparation activities to prepare their child/ward for the GEP Identification Exercise.

Please do not hesitate to contact the Mdm Hamimah or Mdm Huang at their email addresses above for further clarification.
